

Sinclair Media forcing its stations to air a biased anti Kerry program right before the presidential election is a blatant and partisan misuse of the public airwaves to influence the election and an illegal act. I sincerely ask to fcc to take immediate action to prevent this misuse and to strengthen the laws limiting corporate ownership of many stations. The right to free and unbiased reporting is being bought and taken away from the American public by those whose money and power enable them to do so and I expect the fcc to protect the public and our airwaves. Thank you very much for listening
